

Eric Baca - Personal Status Report #3

1. Goals from a Week Ago

- Complete flask assignments to continue project preparation. Continue discussing product website layout and how pages will connect together.

2. Progress Made This Week

We completed Sprint 3. My role in sprint 3 was to create the entity relationship diagram for our web application, and I was assisted by 2 or 3 of my peers. Additionally, as a group we updated our UI prototype with specific URLs, functions, and views to show how the pages will be connected visually.

3. Plans and Goals

Complete flask assignments to continue project preparation. Continue discussing product website layout and how we might implement specific functionalities.

4. Agenda for Meeting with Instructional Team

- Meet this Thursday, April 8th
- Discuss group project moving forward
- Hopefully discuss project members contributions, and how we might go about dealing with a slacking team member, what we expect from all team members, and the consequences of not assisting the group and/or completing your assigned tasks.
