Eric Baca - Personal Status Report #4

1. Goals from a Week Ago

• Complete flask assignments to continue project preparation. Continue discussing product website layout and how we might implement specific functionalities.

2. Progress Made This Week

• We completed Sprint 4. My role in sprint 4 was to help create the gherkin feature file for scenario testing.

3. Plans and Goals

• Our plans for next week are to finish our individual Software Engineering assignments, as well as to complete Sprint 5 together once we meet as a group. We each will work on our individual parts of the website which we assigned earlier on. Additionally, I hope to get our team working on translating out Flask App code into Event App code so that we have a functional base to add our extra features.

4. Agenda for Meeting with Instructional Team

• Meet this Thursday, April 15th
• Discuss group project moving forward
• Hopefully discuss translating Flask App code into Event App code, who should work on what parts, etc.
